BLUE RIDGE PARKWAY

Rocky Knob/Rock Castle Gorge Trail

Length: 10.8 miles

Rating: Strenuous

Directions: Blue Ridge Parkway milepost 169.

A visitors center is located north of the parking lot near Rocky Knob picnic area. Check in at the visitors center and ask for a trail map. This trail starts easy at the entrance to the Rocky Knob campground around milepost 167. Then the trail descends over three miles into the backcountry camping area in the bottom of the gorge. The strenuous and rugged nature of the trail reveal part of the reason this pathway was given National Recreational Trail status. Also, in the springtime to early summer, nearly 200 varieties of wildflowers are visible along the trail area. The rest of the trail is a 7.3-mi ascent back out of the gorge on the return trail. You'll see tunnels of rhododendron and other thick mountain foliage, a splashing stream, and high open meadows. The entire loop is 10.8 miles and the elevations range from 1,700 to 3,572 ft. A few small historic structures are visible along the trail, including a Civilian Conservation Corps camp.
